IMPORTANT REMINDER!

Scouting thrives on volunteers, and the scouting programs work best when volunteer driven. Each year our units depend on volunteers to help put on district and council wide activities and events. These volunteers come from units like yours who are busy but willing to invest in the things that make scouting fun and exciting.

To ensure that activities and events occur that help our units experience scouting at its' best, we need each unit to invest in the efforts required to plan and implement these activities and events. To that end, we are asking each unit to please designate a unit volunteer to work with district and council volunteers to help plan for activities and events in 2023 and 2024. These unit volunteers will be working on those activities and events that will help bring the fun and excitement of scouting to your units.

Please email Arlan Juhl, V. P. For District Operations, at arlan.r.juhl@comcast.net with your designated unit volunteer.

Thank you in advance for supporting scouting!

OCTOBER!**

In our lodge, we refer to our induction weekends as "fellowships". Over the past year, these events have become much more than an induction, but rather an event for all arrowmen to come out and enjoy! Each Fellowship has a theme set for the entire weekend. You can see the presence of this theme in the Camp, activities, and even the food! You can also give back to your camp through cheerful service throughout the weekend. We even hold a Brotherhood Transition at each one! These events only happen 3 times a year, so you want to make sure you're there!

IMPORTANT PO SYSTEM FEATURE UPDATE IN SCOUTBOOK!

Just recently, and against many local council's that operate their own independent Scout Shops, BSA IT released a new feature into Scoutbook where Purchase Orders can be sent to the Official BSA® Scout Shop. While we fully

endorse the concept and believe it could add value, it was poorly thought out and implemented. We believe that users will get unnecessarily frustrated.

Part of the Abraham Lincoln Council's charter is to be the voice of the customer. When features are released, we are normally given time to review, comment, and test the implementation in a back-end QA system. This feature was given to us with short notice, but even so, we found issues and communicated with BSA IT in time to delay release, but they were ignored. Issues include:

1. There is **NO** way to cancel items sent via Add PO Items to Cart, even if by mistake. The PO will be locked and cannot be changed, edited or deleted in Scoutbook. The only option is to actually purchase the items. We recommend **NOT** using this feature until the ability to cancel the cart has been implemented.
2. **Items can only be added to the cart to be shipped (Units are responsible for shipping costs.)**
3. If items are not in stock, a warning message will be displayed on the Purchase Order page. Listed items must be deleted from the Purchase Order before the Add PO Items to Cart is clicked again to order remaining items. Deleted items are returned to the Needs Purchase report. This is cumbersome and requires a lot of "clicking" by the user and could easily be automated.
4. There is no provision for tax exempt units to avoid paying sales tax.

Units may still continue to use the previous method, and print an advancement report to purchase items at our local Scout Shop. The Abraham Lincoln Council recommends that this method still be used until the wrinkles are ironed out with the new feature.
