## Introduction to Outdoor Leadership Skills

March 30-31, 2012  
6:30pm Friday to 9:00pm Saturday  
Camp Illinek,  
Springfield, IL

One of the steps in a Boy Scout leader's basic training is the Introduction to Outdoor Leadership Skills where we cover the outdoor components of the first 3 ranks.

No matter what your current experience level is, you will find value in this well conducted training.

This is basic skills training with the emphasis on learning by doing in a practical environment. You will learn the skills if you do not know them, and learn new techniques to teach them to boys.
